Lutheran Job Search Network
Jobs Posting – Week of August 30, 2010

Position: Enterprise Account Executive

We are seeking an experienced Enterprise Account Executive to be responsible for identifying and closing new Enterprise accounts in the Chicago, IL territory. The Enterprise Account Executive grows and manages a lead pipeline of active prospects, identifies opportunities through a consultative selling approach, arranges product demonstrations through the web and in-person and then closes deals that create substantial long-term annuity streams. The most qualified candidate for this role will have over 5 years of experience in technology sales, preferably in areas such as telecom, hosted applications, call center infrastructure, CRM software, CTI or Internet services.

Responsibilities:

- Sell On-Demand IVR and call center products and services to new and existing clients
- Identify and properly qualify sales opportunities for enterprise-wide IVR and call center initiatives in companies across a wide range of verticals
- Arrange meetings and present business solutions at the executive level
- Lead negotiations and successfully overcome objections for deal closure
- Manage complex sales cycles and multiple engagements simultaneously
- Work with Client Services to discover, identify, and meet customer requirements
- Prepare accurate sales forecasts and sales cycle reporting via Salesforce.com
- Provide high-level project management to ensure the success of potential or current clients.
- Forge long-term reference able client partnerships
- Work closely with Marketing team in developing new ways to approach target markets for prospecting and lead generation purposes

Requirements:

- Successful experience with new account development and large account management
- At least 5 years professional selling experience in technology sales, preferably in areas such as telecom, call center infrastructure, hosted applications, CRM software, CTI, or Internet services
- Excellent Communication, presentation and negotiation skills
- High levels of customer service
